

## **WE NEED YOUR HELP !**

Travel and exchange programs are such a gift to humanity ! Anyone who ever had the chance to experience it knows it is the best way to open one's mind.

Unfortunately, COVID-19 put a stop to those wonderful opportunities and, as an exchange program organisation, we wish to find another way to make our French students continue to « travel », discover other cultures and improve their English.

YOU are a native English speaker, you have some free time, you find it interesting to share your life and home with a French student (aged 11 to 18) for one or two weeks, maybe more ?
